DEPOSITS & CANCELLATION POLICIES

The Devil's River is a small out-of-the-way river and we do not expect and rarely have last-minute requests for reservations.

A minimum of \$400 from each client is needed to secure the week of fishing. The \$400 is non-refundable due to having to pay and secure lodging and river access fees and other expenses. The \$400 will be applied to the total overall cost of the trip.

We offer two options for our clients in making the minimum payment.

SEVERE WEATHER (WIND/RAIN/FLOODING) CONTINGENCY PLANS

We pride ourselves on our contingency plans.

We will not be on the river during severe weather or if imminent severe weather threatens.

We can offer three day trips on any one of several rivers with varying degrees of comfort.

We can base ourselves out of any number of bed and breakfasts/hotels/motels throughout the hill country.

Prices for contingency trips will not increase.

We look forward to working for you on the Beautiful Devils River. Please feel free to call or email us with any other questions you might have.
